# Matthew Clegg - SilverStripe Developer

m@cle.gg

+44 (0) 7478 575533

Over 15 years of industry experience, developing with client, server and infrastructure technologies. Skilled in automation cloud orchestration tools (Kubernetes, Terraform, Helm, Ansible etc), server-side technologies (Python, PHP, Ruby) & client front-end languages (HTML, CSS and JavaScript). I have experience creating and hosting websites using complex math & basic logic for most common content management systems. My previous work experience includes projects with numerous digital agencies, startups and corporations.

#### **CRM Developer**

Farringdon, London

2014 - 2015

Developed internal CRM(s) for various back office tasks including registration of users for conducting usability tests. Tasks included; application code, database design, importing from existing .xlsx solution, creating export/reporting functions, integration with Mandrill API for sending email campaigns and automating deployments to Windows host machines.

devsecops web php shell

# **Web Developer / Consultant**

Charterhouse Square, London

2011 - 2014

Involved from scope to deployment of digital projects for both Front-end / Back-end (PHP / ASP) web #developments for various marketing campaign websites for mainly financial corporations. Responsible for scoping additional features, training other developers, ongoing maintenance, on-call support for infrastructure. devsecops docker web php shell

### Web Developer / Consultant

Shoreditch, London

2012 - 2014

Various high performance and large content websites mainly for Suffolk County Council. Ongoing maintenance / improvements on a high security website that provides support and funding for children with disabilities, Suffolk Council Informational services website, and Suffolk County Music Service Educational website.
